

General Information

Features and Pricing

We provide web hosting, co-location, web design, digital marketing and site maintenance for clients all over the world.

For information on our hosting packages and prices, please visit our [features](#) page. We offer ColdFusion, PHP, SQL databases, custom Perl scripts, email with a webmail interface, virus checking, spam filtering and more. Because of reasonable cost, high value, ease of use and robustness of our systems, we serve many web design companies and individual web designers.

For information on our web design services, please visit our [portfolio](#) page or our web design [home page](#). We offer professional web design by trained artists, cool Flash sites, back office interactivity, e-commerce and ongoing [update and maintenance](#) plans so you can keep your site fresh. For web design pricing, please [contact](#) us with details about your needs.

For information on co-location in the Nashville, TN area please visit our [rackspace information](#) page.
