

Custom Scripts

Custom CGI Scripts for Traditional Hosting Clients

We offer a suite of powerful custom scripts that you can configure to make your web site useful, interactive and sticky to keep those visitors coming back. Please review these instructions thoroughly and give the scripts a try. If you need additional assistance, contact our [support](#) staff. If you need a script you don't see here, please let us know. We are interested in serving all our clients special needs.

- [NetMerchant](#) - Shopping cart.
- [Form Script](#) - Send mail, write to files, create online databases, perform calculations, upload files.
- [Search Script](#) - Search online databases, report results in your format.
- [Replace Script](#) - Edit or delete records from online databases.
- [Refer-A-Friend](#) - Add this handy feature to any page on your site.
- [Discussion Board](#) - Create an online discussion board.
- [Site Search](#) - A complete web crawler and site search engine.
- [Poll Script](#) - Create an opinion poll so visitors can vote on the latest hot topic.
